These Terms are incorporated into each Order that Buyer issues to Seller as if they are fully written in the Order. Each reference to “this Order” in these Terms means and shall be interpreted as “this Order (including these Terms),” unless specified herein to the contrary.

Clause 3 – AGREEMENT/ACCEPTANCE/MODIFICATIONS

This Order is Buyer's offer to buy from Seller the Products that are the subject of this Order. Seller shall be deemed to have accepted this Order upon the first to occur of: (i) Seller's express acknowledgement or acceptance of this Order, (ii) Seller's failure to reject this Order in writing within 5 business days after receipt, (iii) Seller's commencement of manufacturing any Products that are the subject of this Order, and (iv) delivery of any of the Products pursuant to this Order. EACH MODIFICATION TO THIS ORDER OR THESE TERMS (INCLUDING ANY PURPORTED DELETION, ADDITION OR MODIFICATION TO THEM IN SELLER'S ACCEPTANCE THEREOF OR IN ANY SUBSEQUENT SHIPPING, INVOICE OR OTHER DOCUMENTATION SENT BY SELLER) ARE HEREBY REJECTED BY BUYER AND SHALL NOT BE BINDING ON BUYER UNLESS SUCH DELETION, ADDITION OR MODIFICATION IS SPECIFICALLY ACCEPTED IN WRITING (OR AUTHENTICATED IF THESE TERMS FORM PART OF AN ELECTRONIC ORDER) BY BUYER'S AUTHORIZED PROCUREMENT REPRESENTATIVE. IF BUYER'S AUTHORIZED PROCUREMENT REPRESENTATIVE SPECIFICALLY ACCEPTS ANY DELETION, ADDITION OR MODIFICATION OF THESE TERMS, THEN ONLY THE PORTION THEREOF SPECIFICALLY ACCEPTED SHALL BE BINDING UPON THE PARTIES, AND ALL OTHER PORTIONS NOT SPECIFICALLY ACCEPTED BY SUCH REPRESENTATIVE ARE REJECTED AND DO NOT FORM PART OF THIS ORDER.

Clause 4 – CHANGES TO THIS ORDER

- (A) Subject to the other provisions of this Clause 4, Buyer may by written notice make changes within the general scope of this Order to any one or more of the following: (i) drawing, designs or specifications for any of the Products; (ii) method of shipment or packaging; (iii) place of inspection, delivery or acceptance; (iv) amount of Buyer Materials; (v) quantity of any one or more of the Products; (vi) delivery schedule; and (v) quality requirements.
- (B) Seller shall proceed immediately to perform this Order as changed by Buyer. If any such change is the sole cause of a material increase or decrease in the cost of, or delivery time for, the supply of any Products under this Order, then, except as otherwise provided for in Clause 4(C) below, Seller (in the case of an increase) or Buyer (in the case of a decrease) shall be entitled to an equitable adjustment in the purchase price or delivery schedule or both, as applicable; provided, however, that for Seller to qualify for such an adjustment, Seller must assert a claim for such adjustment within twenty one (21) calendar days from the date of receipt by Seller of such notice of change from Buyer and thereafter demonstrate, in reasonable detail, the impact of such change on the cost or delivery time of the Product(s) alleged to be so affected and that all of such impact was caused by such change. Seller shall proceed with the change pending resolution of any dispute over whether Seller is entitled to an adjustment for the change.
- (C) Notwithstanding paragraphs (A) and (B) above, Buyer may make changes to this Order delivery schedule without cost impact; provided that Buyer provides a minimum four (4) week notice, unless otherwise agreed to in writing, to Seller for any delivery schedule acceleration or deceleration.
- (D) Seller shall, at no cost to Buyer, use best efforts to support any changes required by Buyer within the notice period set forth above.
- (E) Nothing in this Clause 4 shall excuse Seller from proceeding with this Order as changed.
- (F) Seller has no authority to deviate from the written contract and cannot make any changes to product or processes (including drawings, data, specifications, etc.) without obtaining formal authorization in writing from the Buyer to make the proposed changes.

Clause 5 – STOP WORK NOTICE

- (A) When directed by written notice from Buyer, Seller shall immediately stop all or part of the work relating to this Order for the Products and duration specified in the notice ("**Stop Work Notice**"); provided, however, that Buyer may not issue a Stop Work Notice for a period of more than one hundred eighty (180) calendar days from the date of the notice without the written consent of Seller.
- (B) If Buyer cancels a Stop Work Notice or if the period therein or in any agreed extension thereof expires, then Seller shall resume work under this Order, and Buyer and Seller will agree upon a reasonable adjustment in the delivery

schedule, which shall be approximately the time then remaining to fulfill this Order, on a Product by Product basis, when the Stop Work Notice was issued. In no event shall such adjustment exceed 30% more than such amount of time. A Stop Work Notice shall not affect the applicable pricing for any of the Products in this Order.

Clause 6 – TERMINATION FOR CONVENIENCE

(A) Buyer may, by written notice to Seller, terminate for its convenience the whole or any part of this Order. A partial termination of this Order has no effect on the portion of this Order not terminated. Upon receipt of any such notice of termination, the Seller shall:

(i) immediately cease all work under the portion of this Order so terminated, including but not limited to the further manufacture and procurement of materials for the fulfillment of the terminated portion of this Order;

(ii) unless instructed to the contrary in the termination notice, within twenty (20) days after receipt of such notice, deliver to Buyer all Products that are the subject of the termination, whether such Products are then completed or are partially completed and all Buyer Materials and Seller Materials, in each case, to the extent associated with such terminated portion of the Order; and

(iii) within thirty (30) days after receipt of such notice, provide Buyer with a report describing the status of all Products (including the degree to which each Product was finished), the inventory and procured cost of Seller Materials and the inventory of Buyer Materials (if any), in each case, at the time of receipt of the termination notice.

(B) Promptly after receipt of the report issued by Seller in accordance with Clause 6(A)(iii), Buyer and Seller will discuss, and Seller shall be entitled to, an equitable termination fee for the terminated portion of this Order equal to the lesser of (iv) the total price of the Products that were the subject of the terminated portion of this Order and (v) the sum of (a) the applicable price of any fully completed Products requested by Buyer to be delivered to Seller and so delivered, (b) Seller's actual direct cost associated with all completed Products not requested to be delivered to Buyer, (c) Seller's actual direct cost associated with all works in process at the time of termination, and (d) Seller's actual direct cost associated with all Seller Materials not coverable; provided, however, that Seller shall not be entitled to any such fee for any material or work- in-process (WIP) that is not received or completed by Seller within Seller's quoted and/or published order lead-time.

Clause 7 – TERMINATION FOR DEFAULT

(A) If the Seller is in default in carrying out any of its obligations under this Order, Buyer may give the Seller notice of default. The Seller shall have ten (10) calendar days (or more if authorized in writing from the Buyer) from the date of receipt of such notice in which to cure the default or to satisfy the Buyer that such default shall be cured within a period of time acceptable to the Buyer. Upon failure to cure the default, Buyer may give the Seller written notice of termination of all or part of this Order.

(B) Where the Seller becomes bankrupt or insolvent, makes an assignment for the benefit of creditors, or takes the benefit of any statute relating to bankrupt or insolvent debtors, or where a receiver is appointed under a debt instrument or a receiving order is made against the Seller, or an order is made or a resolution passed for the winding up of the Seller, the Buyer may, upon giving written notice to the Seller, immediately terminate for default the whole or any part of this Order.

(C) Upon the giving of a notice provided for in paragraph (A) or (B), the Seller shall have no claim for further payment for the portion of the Order terminated other than as provided in this Clause 7, but Seller shall be liable to the Buyer for all direct losses and direct damages which may be suffered by the Buyer by reason of the default, including any increase in the costs incurred by the Buyer in procuring the Products from another source. Nothing in this Clause 7 affects any obligation of the Buyer under law to mitigate damages, and Seller shall proceed with the portion of this Order not terminated.

(D) With respect to the portion of this Order terminated for default, the Buyer may require the Seller to transfer the title and deliver, as directed by the Buyer, any (i) completed Products, and (ii) Seller Materials that the Seller and its

subcontractors have specifically produced or acquired for such portion of this Order. Upon direction of the Buyer, the Seller shall also protect and preserve all Buyer Materials in its possession.

(E) The Buyer shall pay the Order price for completed Products delivered and accepted pursuant to Clause 7(D). The Seller and Buyer shall agree on a reasonable amount of payment for Seller Materials delivered and accepted. Failure to agree will be a dispute to be resolved pursuant to Clause 21. The Buyer may withhold from these amounts any sum the Buyer determines to be necessary to protect the Buyer against loss because of outstanding liens or claims of former lien holders against Seller or the Products and Buyer's estimate of excess re-procurement costs due Buyer.

Clause 8 – EXCUSABLE DELAY

(A) A delay in the performance by the Seller of any obligations under this Order which is caused by an event which (i) is an act of God, act of Government, fire, riot, war, or any other event which constitutes a superior force and is beyond the reasonable control of the Seller, (ii) interferes with the performance of Seller's obligations under this Order, and (iii) the effects of which could not reasonably have been avoided by the Seller shall, subject to the provisions of this Clause 8, constitute an "**Excusable Delay.**" Lack of financial resources of the Seller or its subcontractors and labor disturbances, including strikes/lock-outs experienced by the Seller or its subcontractors, are not Excusable Delay.

(B) To claim an Excusable Delay, the Seller shall, by written notice to the Buyer, advise of the occurrence of an event that has resulted or is likely to result in an Excusable Delay and take all reasonable steps to avoid or remove the cause of such delay and provide the Buyer with a reasonable corrective action plan within ten (10) calendar days of such facts coming to the attention of Seller.

(C) In the event of an Excusable Delay, any affected delivery date shall be postponed for such period as is reasonably necessary to offset the effects of the Excusable Delay. In no event shall the delivery date be extended by a time period longer than the time period in which the Excusable Delay was in effect. No adjustment will be made to this Order price; adjustment to the delivery schedule is the exclusive remedy of the Seller in the case of an Excusable Delay.

(D) Notwithstanding the above, after an Excusable Delay has continued for a period of thirty (30) calendar days, the Buyer may terminate this Order or any portion thereof in accordance with Clause 7.

Clause 9 – BUYER MATERIALS

(A) Except as otherwise provided herein, Seller shall not use, reproduce, or disclose for the benefit of any party other than Buyer, any Buyer Materials. Seller shall not use the Buyer Materials to produce or manufacture products, other than the Products, without prior written authorization from Buyer.

(B) As between Buyer and Seller, title to Buyer Materials shall be and remain with Buyer at all times. Seller shall bear the risk of loss, damage or destruction of the Buyer Materials and shall promptly replace or repair, without expense to Buyer, any of the Buyer Materials which are lost, damaged or destroyed by Seller. Seller shall provide an inventory of each Buyer Material as requested by Buyer from time to time. All Buyer Materials shall be returned to Buyer upon termination or completion of this Order unless Buyer shall direct otherwise in writing.

(C) Seller acknowledges that Buyer Materials may be unique and proprietary and that monetary damages may be inadequate to compensate Buyer for Seller's breach of this provision. Accordingly, in addition to any other remedies available to Buyer under this Order, or at law or in equity, Buyer will be entitled to seek injunctive relief to enforce the terms of this Clause 9.

(D) Unless otherwise stated in this Order, invoices for tooling to be paid for by Buyer will not be processed and payment for such tools will not be due until Buyer has accepted Products produced from such tools. If applicable to this Order, all tools furnished or paid for by Buyer and lost, damaged or destroyed by Seller shall be charged to the Seller at replacement value.

Clause 10 – INTELLECTUAL PROPERTY

(A) Any copyright, trademark, trade secret, software, data, idea, concept, process, formula, invention, system, report or other intellectual property resulting from any Seller work performed for this Order, shall be the sole property of Buyer.

To the maximum extent permitted by law, any and all of the foregoing that constitutes copyrightable subject matter shall be deemed “work made for hire” under 17 U.S.C. §101. To the extent any of the foregoing is not deemed a “work made for hire,” then Seller agrees to assign and hereby assigns to Buyer any interest Seller may have in such intellectual property and Seller and its employees and contractors hereby waive any economic or moral rights relating to such intellectual property. Seller shall, and shall cause its employees and contractors to, promptly execute and deliver to Buyer any documentation reasonably requested by Buyer to further document ownership consistent with this Clause.

(B) With respect to any software contained within or required to use the Products, unless otherwise agreed in writing by the parties, Seller grants to Buyer a fully paid-up, worldwide, irrevocable and non-terminable license under all intellectual property rights owned by or licensed to Seller or any of its affiliates in such software and its related documentation, including, without limitation the rights to reproduce, distribute, create derivative works, display publicly, make, use, sell, offer for sale and import such software and documentation, in whatever form provided or stored, and products and processes incorporating or made using such software or documentation. The foregoing license includes the right to sublicense to affiliates and contractors of Buyer. Such software and documentation constitutes “intellectual property” as defined by 11 U.S.C. §101 and Buyer is entitled to all of the benefits of the U.S. Bankruptcy Code in connection therewith, including to the extent not in the possession of Buyer, the right to request and receive the source code form of such software to the extent reasonably requested by Buyer to exercise the rights licensed to it hereunder.

(C) With respect to any Seller Materials that constitute copyrighted subject matter, Seller grants to Buyer a fully paid-up, worldwide, irrevocable, and non-terminable license under all intellectual property rights owned by or licensed to Seller or any of its affiliates in such subject matter, including without limitation, the rights to reproduce, distribute, create derivative works of, display and perform publicly such subject matter, in whatever form it is kept, stored or provided. Such license includes the right to sublicense to affiliates and contractors of Buyer.

(D) Buyer grants to Seller a license under all of Buyer’s intellectual property rights in the Buyer Materials to use such materials to the limited extent strictly necessary for Seller to supply the Products to Buyer in accordance with this Order. Except as provided in the preceding sentence, Buyer does not grant to Seller any rights under any of Seller’s or its affiliates’ intellectual property rights, by implication, estoppel or otherwise, and Seller reserves all such rights for itself.

Clause 11 – QUALITY CONTROL/INSPECTION

(A) In addition to any specific quality assurance requirements stated in this Order, Seller shall provide and maintain a Quality Control System in accordance with the revision of ISO--9001 or AS/EN-9100 in effect as of the date of this Order or maintain a system approved by the Buyer, which includes quality systems for Seller’s design requirements, if applicable. Seller’s system shall also be in compliance with the requirements of the Seller’s civil airworthiness authority and, as applicable, the Buyer’s and Buyer’s customers’ quality requirements and specifications referenced in this Order. Seller agrees to permit Buyer, Buyer’s customers, U.S. Government or other outside regulatory agencies to survey Seller’s facilities to review contracted product, Seller’s procedures, practices, processes, records, subcontracts and other related documents to determine acceptability. Seller shall provide, at no charge to Buyer, appropriate facilities and assistance to allow the Buyer, Buyer’s customers, U.S. Government or other outside regulatory agencies to perform quality control/inspection activities hereunder.

(B) All Products are subject to inspection by Buyer at destination, notwithstanding any payment or prior inspection at Seller’s point of shipment. The inspection will be made within a reasonable time, not to exceed ninety (90) calendar days after receipt of the Products. Buyer shall notify Seller if any Products received by Buyer are rejected, and such Products may be returned to Seller at Seller’s risk and expense at Buyer’s discretion. Inspection and tests by Buyer do not relieve the Seller of responsibility for costs of additional testing or for defects or other failures to meet this Order’s requirements, including but not limited to latent defects or gross mistakes amounting to fraud.

(C) The Seller shall notify Buyer of all defects and nonconformance related to the product, however, any such notice shall not be deemed to allow the shipping of nonconforming or deviated parts.

(D) The Seller shall have an effective program for investigation, corrective action, and follow-up for rejections initiated by the Seller or Buyer. When the Buyer discovers discrepancies for which the Seller is responsible, the Buyer may forward a request for corrective action to the Seller for action and response. The Seller's response shall be returned to the Buyer within the requested time frame, and shall include the causes of the discrepancy(s), the positive corrective action(s) taken to prevent recurrence, and the corrective action effective date.

(E) The Seller is responsible for complying with quality system requirements noted herein and for meeting quality performance expectations. Any use of statistical techniques by Seller to determine any Product inspection, acceptance, or other technical criteria must be approved by Buyer in writing. Seller will ensure that its employees are trained and aware of their contributions to Product quality and conformity as well as overall Product safety. Failure to comply with quality system requirements or to achieve an acceptable quality performance level may result in an on-site audit or additional source inspection oversight being initiated by Buyer, at Seller's expense. Buyer reserves the right to debit Seller accounts to compensate for inspection or related activities that take place as a result of Buyer directed inspections, including source inspections being by-passed by the Seller.

(F) The Seller shall maintain Quality Records, including traceability throughout all stages of manufacturing. No Quality Records shall be destroyed without the written consent of Buyer or its designee.

(G) The Seller's supplier(s) or subcontractor(s) must be disclosed to and approved by Buyer in writing. Buyer's approval of such supplier may be withdrawn at any time. Seller's supplier(s) or subcontractor(s) may also be required to be approved by Buyer's customer(s) or end user(s), as applicable. The Seller shall ensure that all necessary requirements of the Order and these Terms are flowed down to Seller's supplier(s)/subcontractor(s) as required. The Seller shall immediately notify Buyer upon any change to the following in relation to the Product(s): (i) Seller's supplier; (ii) Seller's subcontractor; or (iii) Seller's facility location.

(H) The Seller shall not provide any "Counterfeit Products" to Buyer. Counterfeit Products are any Product(s) or other separately identifiable item(s) (including but not limited to articles, components, assemblies, or other goods) comprising a Product that are misrepresented as being authentically produced in accordance with approved manufacturing procedures, systems, or other requisite criteria. Examples of Counterfeit Products may include, but are not limited to, items that: (i) are an unlawful or otherwise unauthorized copy or substitute of an original equipment manufacturer ("OEM") item; (ii) are produced from a source without the express written authority from the OEM or applicable design authority; (iii) contain unlawful or unauthorized substitute components that are not in accordance with OEM design; (iv) are used, refurbished, re-marked, repaired, or otherwise altered in any way and represented as being new; (v) have not passed all required OEM testing, verification, screening, and quality control, but are represented as having met such requirements; and (vi) are labeled or otherwise marked in such a way that would mislead a reasonable person into believing the item was a genuine OEM good when it is not. Seller shall immediately notify Buyer if it knows or has reason to believe that it has provided any Counterfeit Products to Buyer. Seller shall provide all traceability information of Products to Buyer upon reasonable request, including the names of applicable supplier(s), supplier contact information, and specific location(s) of manufacture of requested Product(s). Counterfeit Products are considered Defective Products in accordance with Clause 12 – Warranty.

Clause 12 – WARRANTY

(A) Seller warrants that all Products delivered under this Order: will, for thirty-six (36) months after delivery to Buyer's customers, conform to the specifications, drawings, samples, examples, trials, demonstrations, representations and descriptions thereof furnished to or by Buyer; are merchantable, of good material and workmanship and free from defects in design and manufacture; are suitable for the purpose intended; and are free and clear of all liens and security interests. Any Product delivered under this Order not meeting all of the foregoing criteria are "**Defective Products.**"

(B) Defective Products may be returned to Seller at Seller's expense for repair, replacement or credit at Buyer's option. If Buyer elects to have the Defective Products repaired or replaced, Seller shall do so as promptly as possible, but not later than twenty (20) days after Buyer's notice thereof. Buyer may offset from any amounts due to Seller the amount

of actual freight charges incurred in shipping Defective Products between Buyer and Seller. Buyer may perform any necessary repair to Defective Products at its own facility and charge the reasonable cost thereof to Seller.

Clause 13 – BOOKS AND RECORDS

Seller shall provide authorized representatives of Buyer reasonable access to Seller's books, records and data that permits the adequate evaluation of cost data, direct materials, labor hours and incorporated rates used to arrive at the price of Products or any of Seller's proposals for costs or prices pursuant to Clauses 4(B), 6(B)(ii), 7(E) or 9. At Buyer's request, Seller shall provide copies of collective labor agreements to which Seller is a party, if any, and Seller's audited company financial statements. Seller shall keep and maintain all books and records relating to the supply of Products hereunder for at least seven (7) years or such longer time required by applicable law or specified in this Order.

Clause 14 – PRICES, PAYMENT AND DISCOUNT

(A) Payment by Buyer will be made net sixty (60) days from the later of the following: (i) the date of acceptance of the Products or (ii) from Buyer's receipt of an invoice issued in conformance with the requirements of this Order. Any payment discounts will be calculated from the same date. Discount terms shall be clearly stated on the face of each invoice.

(B) Buyer shall have the right of set-off of any amounts due from Seller to Buyer hereunder against any payments due by Buyer or at issue under this Order or any other Order or agreement between Buyer and Seller. Buyer may withhold from payment to Seller in an amount sufficient to reimburse Buyer for any loss, damage, expense, cost or liability relating to Seller's failure to comply with any requirements of this Order or any other Order or agreement between Buyers and Seller.

Clause 15 – INVOICING, PACKING AND SHIPPING

(A) Separate invoices indicating Order number, line item number(s), quantity, unit price and extended value are required for each shipment under this Order. At the time(s) specified on the face of this Order, or, if not specified, then the date of shipment, Seller shall mail one copy of the invoice to the location specified for invoices on the face of this Order.

(B) Seller shall comply with the shipping and routing instructions shown on this Order. Premium transportation will be paid by Buyer only when specifically authorized by Buyer. If delays caused by the Seller result in the need for expedited transportation, the additional costs for the expedited transportation is the sole responsibility of the Seller. All shipments entirely within the U.S.A. shall be F.O.B. Buyer's specified destination and all international shipments shall be DDP (Incoterms 2000) Buyer's specified destination, unless otherwise specified on the face of this Order.

(C) A packing list must accompany each shipment under this Order. The location of the packing slip must be clearly marked on the container. The complete Order number must appear on all shipping documents.

(D) Each Product container of each shipment will be identified with Order Number, part number and quantity of each part number. When multiple Orders or Products are combined in one container, they must be separately packaged inside that container and the packages identified as to Order number, part number and quantity of each part number.

(E) All Products must be suitably packaged and prepared for shipment to withstand normal transportation and stocking functions. Containers and packaging used must be in compliance with best commercial practices and any special requirements indicated or referenced on the face of this Order.

(F) Test reports, x-rays, certificates and other supporting documents must accompany each shipment when required by this Order.

(G) Seller shall not combine shipments destined for different Buyer facilities or destinations on the same Bill of Lading or in the same container.

(H) Products will be marked in such a manner as to be readily identifiable with the part number reflected on this Order. If applicable to this Order, kits, assemblies and all parts consisting of multiple Products, that is, hardware, pins, gaskets, etc., must be unit packaged as a complete unit and so identified. If the Product is individually packaged, the

package will be marked as a single unit of the part number. Single Products too small to be separately packaged or identified will be separated into lots and tagged or bagged. Proper markings corresponding to the Order description and part number shall be applied to the tags and/or bags for handling and storage purposes.

(I) When required by Buyer, Seller will provide bar coded shipping labels with each shipment.

(J) Each shipment shall include a certificate of origin and country of manufacture and a certificate of compliance stating that the Products conform in all respects to their applicable warranties. Certificates must be signed by Seller's authorized quality representative.

Clause 16 – DELIVERY

(A) Seller shall be responsible for the Products covered by this Order until they are received at the destination point specified on the face of this Order. If Products are received more than five (5) business days ahead of specified schedule, Buyer may either keep the Products and make payment as if the delivery was made per the specified delivery or return the Products to Seller at Seller's expense. The delivery dates contained in this Order are the dates that the Products are required on dock at the specified destination.

(B) Time is of the essence in performing this Order. Should Seller experience or anticipate any delay in performing this Order, Seller shall immediately notify Buyer in writing of such delay, its expected duration, the reasons thereof, the action being taken to mitigate such cause of non-delivery and when on-schedule status will be regained. Neither such notification nor an acknowledgment by Buyer shall constitute a waiver of this Order's specified delivery schedule or of any rights or remedies of Buyer under this Order. The delivery schedule shall not be modified unless the parties do so in writing or as otherwise provided in Clause 4. Seller shall be liable for any direct damages resulting from a delay in delivery, and Seller shall, at its expense, take whatever reasonable action is necessary, with or without Buyer's request, to meet such schedules as set forth herein or to recover to the maximum extent possible any delay in meeting such schedules. Such reasonable action by Seller shall include, but not be limited to, expedited shipment.

(C) Without prejudice and in addition to any of Buyer's other rights and remedies provided herein, Buyer will assess liquidated damages:

(i) with respect to each nonconforming Product delivered to Buyer by Seller, by charging Seller a fixed amount of \$200 USD per nonconforming Product received; and

(ii) with respect to any Order that was not delivered by its specified delivery date (other than for reasons as set forth in Clause 8 – Excusable Delay), by charging Seller at a fixed rate of \$100 USD for each complete day of delay.

Buyer will charge Seller for the above items automatically as a debit memo issued to Seller's account. These liquidated damage amounts are only intended to compensate Buyer for certain reasonable, but difficult to calculate costs, expenses, and other damages resulting directly from Seller's failure to perform hereunder, and shall be without prejudice to any of Buyer's rights to recover any other costs, expenses, or damages for which Buyer is otherwise entitled.

Clause 17 – ASSIGNMENT

Except as provided in this Clause 17, neither this Order nor any interest herein nor any claim hereunder may be assigned by Seller without the prior written consent of Buyer. An assignment without Buyer's written consent is ineffective and void. Consent, if any, by Buyer shall not be deemed to relieve Seller of its obligations to comply fully with the requirements of this Order. Seller may, however, without Buyer's consent, assign the rights to be paid monies due or to become due to a financing institution if the following conditions are met: (i) Buyer shall continue to have the right to exercise any and all of its rights under, settle any and all claims arising out of, and enter into amendments hereto, without notice to or consent of the assignee; (ii) the entire amount of said monies is assigned to a single assignee and (iii) Buyer is given notice of the assignment and all invoices submitted by Seller contain adequate reference to the assignment.

Clause 18 – PUBLICITY; CONFIDENTIALITY

(A) Seller shall not advertise or publicize without Buyer's prior written consent, in any medium, including, without limitation, any print, broadcast, direct mailing, or any internet web site maintained by or for Seller, the fact that Seller is a supplier of products or services to Buyer. Seller shall not, and shall cause its subcontractors, suppliers and agents not to, without Buyer's prior written consent: (i) use Buyer's name, photographs, logos, trademarks, or any other identifying information in any such medium; (ii) use (except to communicate with Buyer or its affiliates) any internet domain names, metatags or electronic mail addresses containing "Turbine Engine Components Technologies," "TECT" or the name of any product or service for which Buyer owns the trademark; or (iii) provide a link to any domain name or internet address registered to Buyer or any of its affiliates.

(B) Seller and Buyer shall treat all information exchanged between them related to this Order in accordance with the non disclosure or confidentiality agreement between the parties effective as of the date of this Order, if such agreement exists. If no such agreement exists, then Seller agrees not to, without the prior written consent of Buyer, (i) disclose any Buyer Materials or other information provided by Buyer to Seller in connection with this Order to any third party, except to the limited extent required by applicable law and then only pursuant to a protective order that provides suitable restriction on disclosure, or (ii) use any of the foregoing other than as strictly necessary to fulfill Seller's obligations to Buyer under this Order.

(C) Everything owned by Buyer pursuant to Clause 10 is the confidential information of Buyer, whether or not marked as such and whether or not originating from Buyer or Seller. Seller shall not use any such Buyer confidential information for any purpose other than fulfillment of Seller's obligations to Buyer under this Order or any other order or agreement between Seller and Buyer.

(D) Seller shall not, without the advance written consent of Buyer, disclose such Buyer confidential information to any person or entity other than Seller's employees having a need-to-know such information for the foregoing purpose.

Clause 19 – INDEMNIFICATION

Seller shall indemnify Buyer, its directors, officers and employees for each and every liability, loss, cost, claim, damage or expense including, but not limited to, reasonable attorneys' fees, of Buyer incurred relating to (i) any alleged or actual property damage or personal injury arising out of, as a result of, or in connection with the work performed in connection with this Order due to any act or omission of Seller or its employees, agents, subcontractors or lower tier subcontractors, (ii) any breach of any representation, warranty or covenant of Seller in this Order, and (iii) any claim that any of the Products or Seller's manufacture or supply thereof is defective in design or infringes or otherwise violates the intellectual property rights of any person or entity, except to the extent any such claim is based upon a design of a Product specified by Buyer.

Clause 20 – INSURANCE
